Congressman Jim Cooper
605 Church Street
Nashville, TN 37219

Dear Congressman Cooper:

I am writing this letter in support of H.R. 3210, the RELIEF Act, which you introduced recently with Congresswoman Marsha Blackburn and Congresswoman Mary Bono Mack.

The Juvenile Products Manufacturers Association (JPMA - www.jpma.org) is a national trade association representing 95% of the prenatal to preschool industry. JPMA continues to work with government officials, consumer groups, and industry leaders on programs to educate consumers on the safe selection and use of juvenile products. *Naptime to Nighttime* and Baby Safety Month are only a few of the programs JPMA sponsors to keep today's safety conscious parents informed. Your proposed legislation will have a positive impact on our members who manufacturer nursery furniture such as wooden cribs, dressers, and changing tables.

Our industry, which is dominated by small businesses, supports common-sense legislation that reduces needless regulatory record keeping burdens.

We appreciate the opportunity to work with you on the issues highlighted in this legislation.

Please contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "MR Dwyer" with a long horizontal flourish extending to the right.
